

Hello,

We hope you had a lovely festive season and wish you a very Happy New Year.

As we step into 2026, we wanted to take a moment to say thank you and to share something we've been quietly working on behind the scenes. So much of our business has grown because many of you choose to travel with us time and again, and because you so thoughtfully pass our name on to friends and family. It's something we never take for granted.

That's why we've created **The Opulent Traveler Circle** a simple, thoughtful way of recognizing that loyalty and saying thank you.

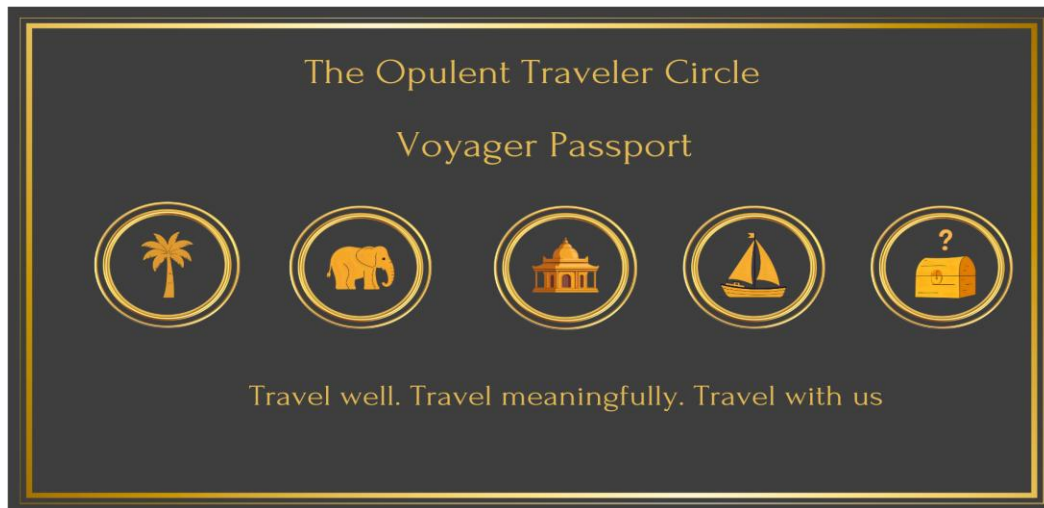

How it works

Each time you travel with us, you'll receive a digital stamp.

And when someone you refer books and completes a journey, you'll receive a stamp for that too.

Once you've collected **five stamps**, you'll be invited to choose a thank-you from one of the following:

- A **loyalty travel credit** to use towards a future journey (from a selection we offer)
- A **carefully chosen, travel-inspired gift**, selected by us
- Or a chance to support a **conservation or community project** we work with from education initiatives to wildlife protection and habitat restoration
- Or a **special experience added to a future trip**, such as a hot air balloon flight or another memorable, destination-specific moment

We'll take care of tracking everything for you and share your digital *Opulent Passport* as you go there's nothing you need to manage.

Looking ahead

We're already well into planning trips for the year ahead, and it's been really nice to see how people are choosing to travel. More families making time to go away together, milestone anniversaries being marked properly, and long-held ideas finally turning into real plans.

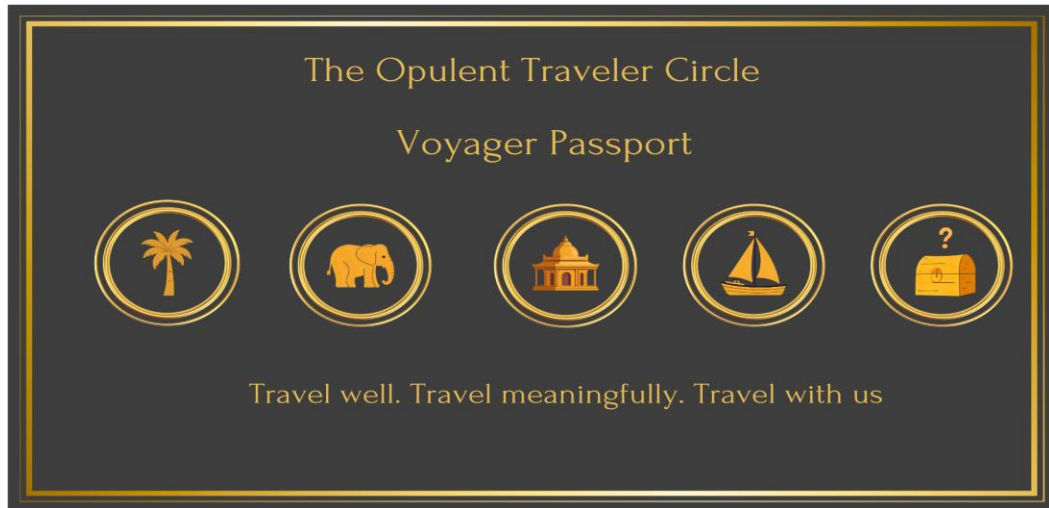

Alongside safaris and gorilla trekking, we're also spending more time shaping journeys further afield a family Christmas trip taking shape in New Zealand, adventure-led travel through Panama, and growing interest in places like India and Vietnam, where culture, food and contrast really come to the fore.

We're also having more conversations around South America from Peru to Chile and Argentina as well as early planning for places like Egypt and Morocco, all approached in the same thoughtful, caring way you're used to from us.

If you're starting to think about what might be next, do take a look at our [website](#) for inspiration, or simply get in touch for a chat. Even when plans are still forming, that's often the best place to begin.

A note from us

At Opulent Travel, luxury has always meant more than beautiful places. It's about trust, relationships, and taking the time to get things right.

The Opulent Traveler Circle isn't a points programme.

It's simply our way of saying thank you to those who travel with us and to those who bring others into our world.

We look forward to seeing where your next stamp takes you.

With many thanks,
John, Amanda & Jill
