Time at last

An anniversary, a milestone birthday, or simply the chance to travel for longer.

An anniversary celebration / Indonesia

Norway

Start with Oslo’s museums and waterfront, explore Bergen’s lanes and food with a local guide, then settle beside Hardangerfjord for boat journeys, waterfalls and visits to orchards and cider producers. Fresh seafood, local produce and a fjord-side or floating sauna add to the pleasure of being here. For a winter trip, consider northern Norway for snowy landscapes and the chance of seeing the northern lights. We’ll choose the regions, stays and activities around your dates, with time for the scenery and relaxed days together.

Egypt

For a place you have always wanted to see, give Egypt more than a quick tour. Explore the pyramids, Saqqara and Tutankhamun’s treasures at the Grand Egyptian Museum with a knowledgeable guide, then travel along the Nile between Luxor and Aswan. There’s time for Karnak’s columns, the tombs of the Valley of the Kings, a felucca sail and learning about Nubian culture. Choose a beautiful river ship, with relaxed afternoons between the discoveries.

Australia

With more time, Australia can become several very different experiences in one journey. Combine Sydney’s harbor and food with South Australia’s vineyards and Kangaroo Island’s wildlife, or choose the Red Centre, reef or Tasmania. Good local guides bring the landscapes and communities into the story. We’ll help you select a few regions and beautiful places to stay, allowing time for a vineyard lunch, a coastal walk or a day with no traveling.

Bhutan

Spend several nights in each valley, with time for monastery visits, scenic drives and beautiful lodges where you can settle in. Explore around Thimphu, Punakha, Gangtey and Paro, with a guide who helps you understand Bhutan’s Buddhist traditions and daily life. If you have more time, consider the valleys of Bumthang too. We’ll balance visits and walks with relaxed days, choosing a comfortable route around what interests you.

Morocco

Stay in a courtyard riad, explore Marrakech or Fes with a local guide and discover the food through markets, small kitchens and a cooking experience. More time lets you add mountain villages in the Atlas, a desert stay or Essaouira’s harbor and Atlantic coast. Leave room for gardens, craftspeople and tea between visits. We’ll choose the route and stays carefully, so the journeys are comfortable and the places get the time they deserve.

Indonesia

Stay longer around Bali’s green valleys and villages, with temple visits, local food and a lovely villa. Java adds a different cultural experience: Yogyakarta’s crafts and kitchens, the Buddhist temple of Borobudur and the Hindu temples of Prambanan. Or choose Lombok and the Gilis for island time, or a boat journey among Komodo’s hills and bays. We’ll help you select the islands and connections around your interests, with time to settle in and explore.

Guatemala & Belize

Explore Antigua’s streets, markets and courtyard cafés, then head to Tikal’s Maya temples in the forest. Continue to Belize for jungle walks, ancient sites and time beside the Caribbean. Snorkeling or diving around the reef adds a very different side to the trip. With a little longer, you can enjoy inland stays and island time. We’ll arrange local guides and comfortable connections, choosing the stops around your interests and how you like to travel.

Your Way...

An anniversary celebration could include children and grandchildren. With more time, explore India’s palaces, wildlife parks and Kerala’s waterways, or Vietnam’s cities, villages, food and beaches, perhaps adding Cambodia. Discover Japan’s smaller towns, combine Sri Lanka with the Maldives, or pair a Southern African safari with Cape Town or Victoria Falls. South America offers Peru’s ancient sites, Patagonia and Argentina or Chile’s wine country. Or fulfill a dream with an Antarctic expedition. Tell us what interests you and how much time you have. We’ll help you explore the possibilities.

There is so much to look forward to: new places, new friendships and memories you will carry home.
